Interesting Items of Okanagan News

Gathered From Our Contemporaries Throughout the Valley

Enderby Press, June 10:

The Enderby baseball team defeated Armstrong, on June 3rd, at the home town of the latter, by the long end of a 12-7 score.

Rev. and Hon. T. R. Heneage, Assistant Commissioner of Boy Scouts for B. C., writes to the "Press" voicing his disappointment that the Scout movement in Enderby is dormant, and he urges the formation of a live local committee. He blames for the decay of interest in Enderby the fact that there was a tendency there to run the troop on the cadet system instead of that of patrols.

Armstrong Advertiser, June 10:

A daily motor car service has been inaugurated between Armstrong and Vernon. It is scarcely in the jitney class, as the return fare is \$2.00.

The annual picnic of the Farmers' Institute was held at Hullcar on Thursday of last week. The weather was favourable, and the attendance numbered about one thousand people from the town and district. An expert gave demonstrations of cement work serviceable on the farm. The Armstrong City Band furnished entertainment for the crowd.

Rapid progress is being made with the new building for the domestic science and manual training classes, the brick work being now completed.

Vernon News, June 10:

The number of men in the military training camp is about two thousand and about one thousand more are expected to arrive shortly. No alcoholic drinks are allowed in the camp, but "dry canteens" have been established for each regiment, at which temperance drinks are procurable.

Fifty alien prisoners from the internment camp are now at work on the Monashee-Edgewood road, guarded by an escort of 25 men of the 30th B. C. Horse, under Capt. Clark and Lieut. Homer Dixon. It is expected that two hundred prisoners will be employed upon this work within the course of a couple of weeks.

The "Sock Shower" conducted last Friday in the Opera House under the auspices of the Women's Patriotic Society, was a most successful affair. Socks numbering 212 pairs were collected, and over a hundred dollars in cash was taken in.

Forty more alien prisoners were brought to the internment camp from the Coast on Friday, bringing the total number now interned up to about four hundred.

Summerland Review, June 11:

The tax rate by-law has been given its first, second and third readings by the Municipal Council. The total rate is 16 mills, an increase of 1 mill over last year, being 6 mills for general municipal purposes, 4 mills for schools, and 6 mills for debentures. Employment of an extra teacher in the High School, which is necessary, will increase the school expenses somewhat, but it is expected that the School Board will be able to keep within the four mills.

Summerland's apple crop will be very heavy this year, and most of the other fruits promise a fair yield.

Continued on page 4.

"The Crisis In B. C."

Rev. A. E. Cooke Addresses a Large Audience on Monday Night.

The announcement that the Rev. A. E. Cooke would speak to a public meeting on the matters contained in the pamphlet entitled "The Crisis in B. C." brought a crowd of people to the Park on Monday evening, where preparations had been made for Mr. Cooke to address the people from a temporary platform drawn up against the band-stand.

Probably no book of such a nature has become so popular and so well known in B. C. in such a short time as the pamphlet referred to, but Mr. Cooke's fame as a speaker has gone before him—besides which the subject is just at present at the heart of every man in the country who looks upon B. C. as his home—so that there was no wonder that the people attending the meeting showed an eagerness to hear the bitter truths direct from the mouth of Mr. Cooke himself, one of the principal and most active members of the Ministerial Union of the Lower Mainland, and minister of the large and popular Congregational Church at Kitsilano, Vancouver, which church has granted him a leave of absence wherein to tour the province.

On the evening of Monday, June 14th, the meeting was held at the Park, and the arrangements having been made with the Council, or with the Chairman of the Park Committee, for the use of the chairs from the band-stand and the lighting of the band-stand. This, it appears, was owing to the fact that the Ministerial Union declines to have anything to do with any political party, and, in order to maintain their policy in this direction, they refuse to allow the Liberal Associations at the various points they visit to make any arrangements for them, but leave it to be done by people undenominational as to party, preferably by the clergy of the city visited.

It was owing to this fact that, just as lights were switched on at the band-stand and chairs were being placed for those supporting the speaker, Constable Gibb came up and ordered the chairs to be replaced and the lights to be turned off, saying that the police had received instructions to prevent park property from being used for this occasion, as proper permission had not been obtained. The order was necessarily complied with, though much comment was created amongst the onlookers, as the Rev. Alex. Dunn had obtained permission to use the park property from Mr. Crowley, one of the Park Commissioners, who had authorized the unlocking of the band-stand for the use of the meeting. However, what tended to give an unpleasant feeling to the meeting was relieved by the arrival of the Mayor himself, who now gave instructions to the police constable to allow the property to be used rather than upset the meeting.

Scarcely had the speaker started, however, than another interruption came, and this time a more boisterous and stubborn one in the shape of a squall of wind down the lake. Soon the waves were breaking, the leaves fluttering and the wind rushing through the trees and carrying away the speaker's words as well as his breath to such an extent that it was impossible to continue, so a halt was called, following.

(Continued on Page 6.)

C. P. R. Switching Charges at Kelowna

Delegates to Railway Commission Report to Board of Trade

The attendance at the regular monthly meeting of the Kelowna Board of Trade on Tuesday evening was very small, in spite of the fact that the May meeting had not been held. Members attending on Tuesday evening were President Benson, Secretary McTavish, Messrs. H. B. Birtch, J. Campbell, Senr., N. Gregory, A. N. Harker, J. W. Jones, J. Leathley, Geo. Meikle and H. F. Rees.

One of the most important matters handled during the meeting was with reference to the increased switching charges made by the C. P. R. at Kelowna, which had been raised from \$1 to \$2.50. This matter had been brought up at the March meeting of the Board by Mr. Leckie, who had stated at the time that the Retail Merchants Association of Kelowna were already acting in the matter. As a result of this combined action it appeared that correspondence had been entered into between the Retail Merchants Assn. of Kelowna and the Kelowna Board of Trade on the one hand and the Board of Railway Commissioners at Ottawa on the other.

On May 3rd, Mr. E. W. Beatty, the Vice-President and General Counsel of the C. P. R., had written to the Kelowna Board of Trade, which was sent to the Board of Railway Commissioners. In this letter he purported to put the situation of affairs at Kelowna before the Board to enable them to act intelligently in the matter. Mr. Beatty's letter, which was addressed to Mr. A. D. Cartwright, the Secretary of the Board of Railway Commissioners, ran as follows:

"Referring to your letter of 9th ultimo. As the Board is aware, this company operates a car barge from Okanagan to Kelowna, which carries the cars in which the commodities move. These cars are handled from the barge to the tracks on the dock by means of winches operated from the tug. At this point our service ceases. We do not operate a railway at Kelowna and have no charter power to do so. The rails upon which the cars are hauled from the dock to the delivering point do not constitute a portion of this company's line. Shippers and consignees located on sidings at Kelowna formerly were obliged to haul these cars between the barge transfer and their various sidings, for which work a teamster charged them \$3 per car. This service was not satisfactory and our officials were requested to perform it and make an adequate charge. The charge fixed was originally \$1 per car."

"I note that in your letter of 9th ultimo you call attention to the statement in my letter of April 25th, 1913, that this charge was an eminently reasonable one. However, if you will read the context, you will see clearly that this statement was intended to mean that this charge was eminently reasonable from the point of view of the shippers and consignees. From the standpoint of the Company it was anything but adequate, as subsequent developments have shown."

"Our officials estimated at that time that in view of the number of cars handled at Kelowna they could hire a team by the day and cover their expenses with this

THE SPOILS OF VICTORY

The "Salmon Arm Observer" has no hesitation in avowing its belief in the pernicious doctrine, "to the victor belong the spoils," which has exerted an evil influence upon politics throughout the length and breadth of the American continent. The "Observer" voices a grievance as follows:

"It came to our attention in the course of this week that certain parties connected with the Survey Department of the Dominion Government went into a certain store here the prime movers of the Government's purchase of \$400 worth of goods. Why their patronage should not have been bestowed elsewhere, or at least a fair portion of it, we are at a loss to understand. There must be something wrong somewhere and the sooner these matters are rectified at headquarters the better it will be for all concerned. When some of the staunchest supporters of the present government are retailers in a large way of business in this city it certainly seems to us that they have a just cause for complaint."

This is Tammany Hall with a vengeance! According to the "Observer's" viewpoint, the funds of Canada, obtained by taxation of Liberals and Conservatives alike, belong exclusively to the Conservative party, and Liberal taxpayers should receive no share of the public business. If this is fair and reasonable, then it would be equally fair and reasonable to argue that, as the funds of Canada belong to the Conservative party and should be spent solely amongst Conservatives, then all the taxation should be paid by the Conservatives and the Liberals should be exempt.

Such an attitude as that assumed by the "Observer" has a decidedly un-British tone to it, and it is fortunate for our country that such a narrow and bigoted partisan plea is so seldom put forward in the public press, which should champion the exclusion of party favouritism from the business dealings of the government in preference to a policy which has ever been marked by a trail of corruption. The Manitoba parliament buildings scandal is a sufficiently recent and horrible example.

Sergt. J. L. McMillan, of the 48th Battalion, came up from Victoria on Saturday for a few days' leave before departure of his regiment for England, which is expected to take place within about ten days.

THE LATEST NEWS BY WIRE

GALLANTLY INSUBORDINATE; HE HELD TRENCH

PARIS, June 16.—"He was insubordinate," says a wounded Canadian. "He" of the story is Lieut. Hardy, of the Winnipeg Rifles. "If the rest of our officers were like Hardy," continued the wounded man, "we'd go through those Germans like salt through a sieve." According to the story told by the soldier, the Winnipeg Rifles, the "little black devils," as they have been nicknamed, were occupying a trench in the Ypres country when the Germans made their first attack under cover of gas. The gas cut the Winnipeg men down pretty badly, but they managed to hold on. The Germans attacked three times and were driven back. Four times the men about the Winnipeg machine gun were cut down. The fifth time this happened a wounded man got up from the bottom of the trench, balanced himself on one leg and worked the gun. Lieut. Hardy fell heir to command of a section of the trench. "Fall back," came orders from headquarters. "Your men can stand no more; take them to safety." "Who can't stand any more?" asked Hardy indignantly. "Get back to headquarters and say the Winnipeg Rifles will be damned before they fall back."

It happened that there were no troops to hold that trench, and if the "little black devils" had not been able to hold it, the Third Brigade could not have made their counter-charge, and that counter-charge stopped the German rush and saved the day for the Canadian line.

RECENT ZEPPELIN

LONDON, June 16.—The following official statement has been made in regard to recent raids by zeppelins: "The casualties in connection with the visit of a zeppelin to the Northeast coast on Tuesday night amount to sixteen killed and forty injured. It is now possible to state more exactly the casualties resulting from an airship raid on another portion of the Northeast coast on the night of June sixth. The number of deaths then was twenty-four, comprising five men, all civilians, thirteen women and six children. There were also forty cases of more or less serious injuries. The principal fires caused by incendiary bombs took place in drapery establishments, a lumber yard and several small houses."

GREAT DAMAGE DONE AT KARLSRUHE

LONDON, June 16.—A Rotterdam dispatch reports that the damage done at Karlsruhe by the raid of a French air squadron was much greater than the German papers were allowed to publish. Two hundred persons were killed. Fifty bombs were dropped, one of them almost completely destroying one of the ducal palaces used as headquarters by the commandant at Karlsruhe. Other bombs destroyed a number of factories engaged in the manufacturing of shells. A great panic was caused, and the victims were buried secretly by night.

URGES PEACE BETWEEN GERMANY AND U. S.

COPENHAGEN, June 16.—Albert Ballin, managing director of the Hamburg-American steamship line, who is a close personal friend of the Kaiser, has suggested to the Emperor the advisability of maintaining peace with the United States.

Privates G. R. S. Blackaby and R. Haldane went to Vernon on Saturday to join their regiment, the 54th Battalion.

BRITISH BILL TO PROHIBIT STRIKES

LONDON, June 16.—Mr. Lloyd George's conferences with the trade unions have resulted in an agreement upon a bill which will be introduced in the House of Commons next week and passed with all possible speed. This bill will give the government power to prohibit strikes and lockouts prejudicial to the national interests, in government-controlled factories, and will provide that all questions of wages and conditions of employment be settled by a specially appointed tribunal. In all government-controlled establishments producing munitions of war, the restrictive rules and practices of trades unions will be suspended and the profits of employers will be limited.

BRITISH INCREASE AEROPLANES TENFOLD

LONDON, June 16.—Mr. Harold J. Tennant, Parliamentary Under-Secretary for War, besides giving the House of Commons assurances today that bigger aeroplanes were under construction, said that since the beginning of the war the number of machines had been increased tenfold and the number of men engaged in this branch, fivefold.

ITALIAN ADVANCE STILL CONTINUES

GENEVA, June 16.—Dispatches from Laibach state that Italian Bersaglieri have stormed an Austrian observation post near Buchstein, in the Cadorna Alps, and that all the defenders were killed or made prisoners.

Localities along the Italian front have been bombed by Italian artillery.

Italian advance guards have reached Komon.

Three lines of railway have been partially destroyed by Italian troops.

The Austrians have been driven from the forest of Ternova.

GERMAN ATTACK REPULSED WITH HEAVY LOSS

LONDON, June 16.—Sir John French adds to his report regarding the capture of Germans near Ypres that "by noon today 157 prisoners had passed to our rear. A German counter-attack has been repulsed with heavy losses." Advances and gains have also been made by French troops at Arras and in the Vosges, and the positions won have been maintained.

YAQUI INDIANS ARE PUGNACIOUS

WASHINGTON, June 16.—The Yaqui Indians of Northern Mexico have declared war on Germany, Mexico and the United States. Their declaration of war on Germany was because a German colonist who was a crack rifle shot defended his home during the last Yaqui raid with remarkable success and much disaster to the raiders.

NO WOMEN CONDUCTORS FOR BIRMINGHAM

BIRMINGHAM, Eng., June 16.—The proposed employment of women as bus and tram car conductors has been abandoned, the male employees having refused either to teach women the duties or to move the vehicles on which they were engaged. The committee in charge of the movement has decided to employ youths under 18 and men over military age.

Mr. W. Harvey returned on Saturday from an enjoyable holiday spent at the exhibitions at San Diego and San Francisco.

REMOUNT BUYER TO AGAIN VISIT KELOWNA

Purchasing Agent Will Be Here on Thursday, July 1st.

As will be seen by the display advertisement published in this week's issue, Mr. R. F. Bevan, Government Remount Officer, will visit Kelowna on Thursday, July 1st, for the purpose of buying horses suitable for military purposes.

A special opportunity is offered on this occasion for breeders to dispose of a heavier type than has hitherto been purchased by the Government. These weightier horses are required for artillery purposes. Another special class, not singled out on previous occasions, is that of officers' chargers. The specifications will be found in the advertisement, and possibly horses which were deemed too heavy at previous inspections will now answer the wants of the artillery class.

TEN CENTS PER "DUN"

In a recent issue the "Sumnerland Review" referred as quoted below to the problem which confronts newspaper publishers, especially of country weeklies, in attempting to collect outstanding subscriptions. The general public does not realize what an amount of labour and expense is entailed to publishers in repeatedly dunning tardy subscribers for their renewals or arrears. It is certain that the work necessitated by the effort to keep the subscription list on a paid-up basis is altogether out of proportion to the inadequate results usually obtained.

"Probably not one of our readers realizes the cost to the publishers of requests for payment of subscription accounts. In the aggregate the sum is proportionately a large one. If your subscription account is in arrears this paragraph is directed particularly to you. We are sure that when we tell you that in stamps, material and wages, it costs fully ten cents each time we ask you to remit, that you will not expect us to use our substance in repeated 'duns.' Rather is it to your profit as well as ours that we use our energies in giving you the best possible service, rather than endeavouring to collect accounts due. True, the amount due from you is but small, but this makes collection charges the larger proportionately. May we have your assistance and co-operation? In these 'war times' you can do us no better service than by keeping your account paid up."

BUY IT NOW.

Buy a bale o' cotton, Bill
Buy a heavy ham
Buy a barr'l of apple sass
Buy a jar o' jam.
Buy a box of oranges
Buy a car of oats
Buy yourself a suit of clothes

COST OF WAR TO NEWSPAPERS

The war is having a marked effect upon newspapers the world over. Such a disorganization of normal conditions does not make for the financial gain of the press. It appears that the Associated Press has been spending close to \$1400 a day covering the field of the European war. It is not to the profit of the cheaper newspapers when the war increases their circulations and advertising falls below the normal. That there has been a great increase in the circulation of London daily newspapers does not spell profit. The early fear of Fleet Street that paper might become scarce has not been realized. The increase of price by perhaps 20 per cent has been due to the increase in freight rates rather than to a shortened supply. As was to have been expected, the established illustrated London weeklies, like the Graphic and Illustrated News, have experienced an extraordinary lift, in cases doubling their circulation. These sheets are probably making money—Springfield Republican.

LIVING ON BROWN BREAD

Why It Is Preferable to That Made of White Flour.

There are sixteen elementary substances in the human body. According to an expert in the employ of the Federal Government ordinary white flour contains four of these. Dark flour, ground from the entire wheat, contains twelve.

Men and women who eat white bread because it is pleasanter to the sight and perhaps a little daintier to the taste are throwing away a great part of the nutrition of the grain. This is going to cattle in the form of various feeds.

The whole wheat gospel has long been preached by health experts. It is now being preached by practical economists also. A bushel of wheat will yield forty pounds of dark flour, and only thirty pounds of white flour. Moreover, the grinding of the white flour is considerably more expensive. If wheat prices are to continue to advance these are matters of importance.

Anyway, why not try the experiment of eating whole wheat bread? If one gets considerably more food for considerably less money it is worthy of attention. And there are those who actually prefer it, and eat it regardless of its bearing on either health or the pocketbook.—Ex.

C. P. R. SWITCHING CHARGES AT KELOWNA

(Continued from page 1.)

charge. However, this has not proved to be the case.

"In the year 1914 there were handled between the barge slip and private sidings, in Kelowna 1414 cars, entailing an expenditure on this company's part for the extra service of \$3,317.00 and resulting in a revenue of only \$1,414.00 or a deficit of \$1,903.00.

"In this connection I would refer to the judgment of Mr. Commissioner Goodeve, dated May 5th, 1915, in which he says in part: 'As under their charter the railway (the C. P. R.) ends at Okanagan Landing, and these spurs are not a part of the whole system, and that while their tariffs filed with the Board quote rates through to Kelowna, which include the ferriage, or transportation by boat or barge from Okanagan Landing to Kelowna, it would be proper delivery to unload the car at the slip.'

"Notwithstanding the legal position, this company is willing to continue this extra service, provided we receive adequate remuneration therefor. However, I think that the Board will agree that rather than be involved in the loss occasioned by the previous charge, we would be justified in abandoning the service, as otherwise it would constitute too great a tax upon the revenue derived from the operation at Kelowna."

When this matter had been read at the meeting, Secretary McTavish explained that after it had been received the Transportation Committee of the local Board got together and met the Retail Merchants' Association, who decided to appeal to the Railway Commission, which later met at Revelstoke for the purpose of hearing the complaint of the Kelowna Board. At the desire, and on behalf of the Retail Merchants' Association, two members of the Board of Trade, Messrs. B. McDonald and W. D. Brent, journeyed to Revelstoke for this purpose, and the following letter, dated June 15th, 1915, written by the Retail Merchants' Association to the Board of Trade explains fully what took place:

"Referring to our complaint to the Board of Railway Commissioners for Canada, dated 12th March, 1915, relative to the new C. P. R. tariff W.3358, effective 5th April, 1915, increasing the charge for dockage at Kelowna from \$1.00 per car to \$2.50 per car, in and out, for team tracks and private sidings, the Board advised us that a sitting would take place at Revelstoke on the 7th June, 1915, when our complaint would receive a hearing.

"We immediately proceeded to obtain data for our arguments and appointed Mr. B. McDonald and Mr. W. D. Brent to appear before the Commissioners as representatives for the district and also for the Summerland Board of Trade. These gentlemen kindly consented to act and duly appeared before the commission, and the following verbatim report has been given to us by them:

"Revelstoke, B. C., 7th June, 1915. Present: Sir H. L. Drayton, chairman, and one other Commissioner, together with two officials of the Board.

"The C. P. R. was represented by Mr. W. B. Lanigan, Asst. Freight Traffic Manager, Winnipeg; Mr. R. E. Larmour, General Freight Agent, Vancouver; and Mr. J. M. McKay, Superintendent, Revelstoke.

"Kelowna was represented by Mr. B. McDonald (B. C. Growers, Limited) and Mr. W. D. Brent (Kelowna Growers' Exchange).

"The meeting was informal and the following arguments were heard:

"Mr. Lanigan claimed that the C. P. R. lost money during the year 1914, which necessitated an increase in the dockage charge

from \$1 to \$2.50 per car in and out.

"We stated that with the present rates paid to teamster Dillon at Kelowna it did not necessitate an increase, and in our communication to the Commissioners, dated 14th May, 1915, a detail cost was given in support of our argument. We emphasized the fact that they reduced their expense for switching in December, 1914, to about 50 per cent. by decreasing the rate paid to teamster Dillon and had increased the tariff, 150 per cent. to us.

"Mr. Lanigan contended that Kelowna, in common with other points on Lake Okanagan did not come under the jurisdiction of the Commissioners, as Kelowna was not on the C. P. Railway, and, in support, he referred to a previous ruling of this argument by Commissioner Goodeve, dated 5th May, 1913.

"We refuted this argument by stating that the C. P. Railway had entered into siding agreements with local shippers, said agreements being approved by the Board and each siding plan being approved separately. We also stated that at no other point, except Lake Okanagan, was any charge made for ordinary switching.

"The chairman said that the correctness of the charge depended upon whether there was extra service performed by the Railway Company and he asked what the switching consisted of and how long the average haul was.

"We said the average was 700 feet and the longest was 1,100 feet. This being in accordance with the blue print siding maps issued by the C. P. R.

"It was brought out at the sitting that there was no parallel case in the C. P. R. tariffs, other than Lake Okanagan points. No similar charge is made on the Arrow Lakes or elsewhere.

"Finally, the Commission reserved their decision and Mr. W. B. Lanigan was instructed to forward to the Commissioners a detailed statement of the amount of expense at present incurred for switching at Kelowna.

"The Commissioners treated our representatives courteously and gave them a good hearing. Our representatives feel that the tariff will be brought back to the \$1.00 rating, if not withdrawn altogether."

After the reading of this report Secretary McTavish went on to inform the meeting that at the time the committee met he had been instructed to write to the Boards of Trade at Penticton and Summerland asking them what steps had been taken to get their rates reduced. He had received no reply from Penticton in time to place before the committee or the representatives, but he had received a letter from them, dated June 12th, stating that from information received there it would appear that Penticton's switching charges were to be reduced to the same figure as other lake points, namely \$2.50 for any size car. They did not think there was the likelihood of this charge being reduced further, and the secretary of the Penticton Board was of the opinion that their Board would not take the matter up with the Railway Commission until other means had failed.

Summerland, however, had replied asking that the representatives from Kelowna should represent them also, which request had been complied with.

The meeting was of the unanimous opinion that the result had been well worth the trouble and expense, and Mr. J. W. Jones voiced the general feeling when he moved the adoption of the report and that the thanks of the meeting be tendered the delegates for their work. This was seconded by Mr. Meikle, while the remainder of the members expressed their approval and appreciation.

It was also mentioned that the

cost, as far as Kelowna was concerned, was being borne by the Retail Merchants' Association, while Summerland was being charged one quarter of the expenses incurred.

Before diverting to the next item amongst the correspondence, the Secretary read an extract from the minutes of a previous meeting at which Mr. F. W. Groves had spoken on the possibility of a road being constructed direct from Kelowna to Carmi. He then read a letter from the Penticton Board of Trade complaining that from press reports it would appear as though the intention of the Kelowna Board was to "knock" the proposal of the road from Carmi to Penticton in order to promote the building of the road from Kelowna to Carmi, which they claimed would be entirely unjust and without reason, as the two roads would serve an entirely different district.

It was speedily decided to reply to the Penticton Board that such action as they intimated has in no way been the intention of the Board here and that there had been no thought whatever of acting in opposition to them.

A further letter on this subject was also read, in this instance being from the Carmi Board of Trade, in which they asked if Kelowna had taken any further action in the matter or had approached the government, as if action was being taken they would like to support it from their end. The writer pointed out that such a road was badly needed and would "tend to bring the commercial relations between the Boundary country and Kelowna closer as well as opening up several thousand acres of agricultural land that would ever be a source of revenue to both Carmi and Kelowna."

These two letters served to again bring up the subject of the suggested road and a good deal of discussion followed, both as to the benefits that would accrue from such a road from both a commercial and a tourist point of view, as well as the feasibility of approaching the government at such a time as the present. Mr. J. W. Jones thought that now would be a most appropriate time, as, should the experiments now being made with alien labour prove successful, such a road might be constructed at a minimum cost.

Another point raised, however, was that while the road from Kelowna to Carmi would undoubtedly be very desirable yet it would certainly be far preferable if road construction was going to be done, to have the road finished from Kelowna to Penticton.

Finally a motion was put by Mr. Rees which provided that the matter be referred to the Transportation Committee with the request that they decide which road would be the more important of the two, or if there were more important roads needed, and that if more important roads were not immediately needed then that the committee suggest to the government that the road to Carmi and the road from Kelowna to Naramata be proceeded with and that alien labour be employed on the undertaking, the committee having attention first given to the road which they considered the more important. Mr. Campbell seconded the motion, which was carried unanimously.

Some discussion next arose over the name of Kelowna Siding given by the K. V. Railway to the station on the mountain about eight miles south of and 2,500 feet higher than this city. It was felt that such a name might be misleading both to travellers as well as shippers, who might imagine that the station was in the vicinity of the town, and a proposal was made that the railway be asked to change the name of the station.

This proposal, however, was absorbed in a suggestion from

MILITARY HORSES Wanted for Canadian Government RIDING HORSES

AGE, Rising 5 to 10 Years. HEIGHT, 15-1 to 15-3 Hands. WEIGHT, 1,050 to 1,250 Pounds.

Horses suitable for officers' chargers will also be purchased. These must be solid colour, good conformation, well broken and have good manners, height 15-1 to 16 hands, weight 1,050 to 1,250 pounds. Horses must have quality, be free walkers and move straight, neck reined horses preferred.

ARTILLERY AND TRANSPORT HORSES
AGE, Rising 5 to 10 Years. HEIGHT, 15-2 to 16 Hands. WEIGHT, 1,350 to 1,550 Pounds.

Heavy draft horses must have good shoulders, be deep in the girth and back ribs, have short backs, be well ribbed up and active.

COLOURS. Bays, Browns, Blacks, Chestnuts, Blue Roans and Red Roans. No Light Greys or Whites will be purchased, but horses with white strips in face will not be rejected.

REQUIREMENTS. All horses must be in at least fair condition as to flesh, sound, of good conformation, free from blemishes or vice, artillery horses broken to harness and saddle horses to ride.

A. D. McRAE, Lieut.-Col.
Chief Commissioner for Remounts for the West.

Horses will be inspected at **KELOWNA**, on **THURSDAY, JULY 1st** by **Mr. R. F. PEVAN**, Gov't. Remount Officer.

Mr. J. W. Jones to the effect that the Secretary of the Board should write to Mr. J. J. Warren, asking him to arrange a date whereon to meet the Kelowna Board of Trade here. Mr. Jones reminded the meeting that there were a number of matters which could and should be discussed with Mr. Warren, one of which was his previous promise that when the railway was operating a boat would be put on the lake to run between Penticton and Kelowna to connect with the trains. Another matter was one of freight rates, as the city contemplated that they would probably be obtaining their fuel from the coal mines at Princeton, providing that the freight rates were such that it could be delivered here at a price that would make it worth while. The Mayor's suggestion was considered a good one and the Secretary was asked to act upon it.

Mr. Meikle asked if any news had been received as to whether the government would commence building the new post office this year. Upon the question being referred to Mr. Jones, he replied that he had no information whatever upon the subject.

The President then proposed that the regular monthly meetings of the Board be discontinued during the summer months, the business that needed attention to be looked after by the Executive. Acting on this proposal, it was moved and seconded that the monthly meetings of the Board be discontinued until called by the Executive.

At the suggestion of Mr. J. Leathley, it was decided that an expression of sorrow and regret

at the recent death of Mr. W. R. Pooley, a most valued and esteemed member of the Board, be placed on record in the minutes of the Board.

Upon the matter of the death of Mr. Billings, of Vernon, being referred to, profound regret was expressed by the meeting, and it was decided that a letter of condolence should be dispatched from the Board to the family of the deceased, on account of Mr. Billings' late connection with so many interests here in Kelowna and as a token of the appreciation of his business life and influence in the Okanagan Valley.

Mr. A. N. Harker asked if anything more had been done in connection with obtaining a free ferry service across the lake. Upon being informed that no further action had been taken and that the matter had been dropped, he asked that it be taken up again and pushed until a satisfactory result was obtained. His request was supported by the rest of the meeting.

The meeting then adjourned to meet again, as arranged, at the call of the Executive or the Secretary.

The 54th Battalion has been dubbed the "Kootenay Cougars." This title was bestowed by rooters at a tug-of-war between the Nelson members of the regiment and citizens on the occasion of a recent field day at Nelson, and the name seems to have stuck.

VISIT OF THE BISHOP OF KOOTENAY

(Communicated.)

On Saturday, the 12th inst., the Bishop of Kootenay paid his first official visit to the Parish of Kelowna. He was accompanied by Mrs. Doull, who, much to our disappointment, had to return to Verdon that same evening. A Parochial reception for them was given at Dr. Boyce's, where it was arranged to be held on the lawn, but owing to the threatening nature of the weather all adjourned to the spacious verandah, where tea was served. The Bishop and Mrs. Doull had thus the opportunity of meeting very many of the congregation. Our hearty thanks are due to Dr. and Mrs. Boyce for placing their house and lawn at our disposal and to the ladies who assisted at the tea.

On Sunday the Bishop preached to a large congregation at the Second Celebration of Holy Communion, taking for his subject, "Peace," showing clearly that so long as the nations of the earth refuse to accept Christ, the Prince of Peace, as King so long will wars continue on the earth. He made special reference to the latest teaching of Bernhardt, which is a complete revival of the Sermon on the Mount, quoting an instance: "Blessed are the Peacemakers for they shall be called the children of God." Bernhardt's teaching is, "Blessed are the Warmakers for they shall be called, not the children of Jehovah, nor the children of God, but the children of Odin, who is greater than God." Such teaching is a return to Paganism. The sermon was an eloquent appeal to the nation and the individual to accept the Prince of Peace as King and so aid in bringing in the reign of Peace.

In the afternoon Mr. D. Lloyd-Jones motored the Bishop to Mr. R. Gray's, Okanagan Mission, where he met the Church Committee. He then visited St. Andrew's Church, with which he was highly pleased, specially noting the neatness and beauty of the Sanctuary decorations.

The Confirmation Service, which was held at 7.30, was preceded by plain Evensong. The Church was crowded, seats having to be improvised for late comers. There were sixteen candidates presented for the Holy Rite, ten males and six females. The Bishop's address to the candidates was an eloquent and impressive appeal based on the text, "Another King, one Jesus." After the Blessing the congregation dispersed, much affected with the dignity and simplicity of the whole service.

On Monday morning, Mr. E. M. Carruthers took the Bishop, accompanied by Mr. DuMoulin and the Rector, for a run round the outlying districts of Glenmore, K. L. O. Benches, Belgo-Canadian property and Rutland, and His Lordship gained some idea of the extent of country tributary to Kelowna. He left by the afternoon boat for Summerland, and Penticton, greatly impressed by his visit.

SEA-GULLS AND SUBMARINES

Birds fly before armies and now it has been found that sea-gulls have a peculiar fondness (or perhaps antipathy) for the submarine. When a submarine leaves its wake on the surface of the water, great flocks of gulls collect and follow after. Perhaps the submarine confuses them, and they may still be labouring under the delusion that it is a whale. The whale is always followed by a flock of gulls, and even when he dives the sharp-eyed birds are able to locate his position.

RENEW for THE COURIER ONE YEAR FOR \$1.50.

BOTANICAL NOTES

Wild Flowers of Kelowna and District.

(Communicated.)

The list of wild flowers continued from the "Courier" of June 10th.

51. Northern Bedstraw, (*Galium boreale*). The small white flowers, with 4-lobed corolla, are in a handsome panicle. Leaves lanceolate, 3-nerved, in fours. The Old English name for the genus, "Our Lady's Bedstraw," did not cross the Atlantic.

52. Cleavers, or Goosegrass, (*Galium aparine*). The keeled stem and leaves are rough with reflexed prickles. Leaves narrow-oval, in whorls of 6. Flowers small and greenish.

53. Tower Mustard, (*Arabis glabra*), is not a graceful plant but competes successfully with surrounding grasses for light and air, craning up nearly 2 feet when in flower, and later higher still when the narrow erect pods are very noticeable. Stem leaves oblong with arrow-shaped base. Probably introduced from Europe.

54. The "Indian Paint-brush," Painted Cup, or Lightning Plant, is named Castilleja after a Spanish botanist. The dense leafy-bracted spikes are very showy, the bracts of the various species being crimson, scarlet, yellow or whitish. *C. angustifolia* is red.

55. Castilleja Bradburii, of which the specimens were gathered at Penticton, varies from deep carmine and madder carmine to coppery old rose and "crushed strawberry" in colour.

56. Castilleja miniata. A specimen from across the Lake was orange-scarlet. The bracts mostly 3-lobed, but the species is very variable.

57. Castilleja camporum is shorter than the above. Dull yellow in colour, but the spike has a fantastic fringed appearance.

58. *Arnica alpina*, has got the heart-shaped lower leaves of *A. cordifolia* which is the other species common in the Okanagan, (34).

59. Blue cammas, *Brodiaea Douglasii*, a specimen from across the lake. A handsome lavender-blue flower of the lily family, the erect stem nearly 2 feet high, the flowers, a dozen or more, in a simple umbel.

60. Bitter-root, (*Lewisia rediviva*), a beautiful rose-coloured (or white) flower of numerous petals growing usually in gravel, on mountain slopes. A note from the Botanical Office says: "It is well known to the Indians, some of whom call it 'Spatium.' They collect the roots in large numbers, which after being peeled and steamed are used as food." *Portulaca* family (*Purslane*).

RETURN VISIT OF "THE FOLLIES"

On Friday, June 18th, at the Opera House.

After a phenomenally successful tour through Western Canada the "Follies" will make a welcome re-appearance in Kelowna, playing a special one-night engagement at the Opera House on Friday, June 18th. Every night since their last appearance here has seen the "Follies" in a different town, playing to packed houses, and receiving receptions which would necessitate any other man but B. C. Hilliam having to utilize a shoe-horn for the purpose of putting on his hat. This return visit is by special arrangement with the local management, which is confident that the city's playgoers will relish the opportunity of hearing the "Follies" once again.

The bill this time will be an entirely new one, the miscellaneous section promising to be brighter than ever. B. C. Hilliam, the Folly Chief, who created such a furore on his first appearance, will appear in "fresh wizardry at the piano, while the other members of the company

INTERESTING ITEMS OF OKANAGAN NEWS

(Continued from page 1.)

Fire blight has suddenly appeared over a large area of orchards surrounding Summerland, and is moving rapidly in some sections.

It is probable that the Fall Fairs of the irrigation section will be enhanced by a special exhibit of the Dominion Department of Agriculture, through the local experimental station. The exhibit, which is of a special nature, is a novel one, and, of course does not enter into competition with the general exhibits. Besides a number of the usual farm products, there will be a display of noxious weeds effectively arranged, and probably a large array of insect-pests in their various stages of existence. Miniature poultry houses, pigsties, fences and other models of farm buildings and equipment will be included.

The ladies' committee who had charge of the "Sock Day" canvass here are delighted with the results. 111 pairs of socks were donated, and also \$85.50 in cash for the purchasing of other socks for our soldiers at the front.

During the wind storm on Sunday evening the telephone cable between Summerland and Naramata was snapped close to the Naramata shore. The break was located on Monday morning, and repairs made the next day.

Penticton Herald, June 10:

Peaches in the Southern Okanagan have been materially lessened in quantity by the leaf curl, but the varieties not affected by the curl show a decided improvement in yield. Varieties light last year are rather heavy this season. The peach crop of 1914 was a fairly good one. This year will probably return about sixty per cent. of the yield of last year.

A tax sale of the property within the Municipality upon which taxes are delinquent will be held on Thursday, July 29th.

Penticton has been created an outpost of Customs under the survey of the Port of Greenwood. Mr. J. S. Heales has received the appointment of Sub-Collector.

Towns along the Kettle Valley Railway are agitating for a mail car on the run between Midway and Merritt.

Dr. R. B. White has been appointed Medical Health Officer for the Municipality, in succession to Dr. Channing-Pearce, who will leave shortly for England.

Much to the surprise of the members of the Penticton Fruit Union, the Central Agency has apparently given up the idea of operating the local cannery this year, and the plant will be idle this season. Writing to Mr. E. W. Dynes, secretary of the Cannery committee, Manager Jackson of the Central Agency says in a recent letter that the central organization has reasons for feeling that nothing should be done by it in this direction for the present year, particularly as the time left is too short to arrange for efficient operation. Owing to the favourable stand taken by Mr. Jackson upon his recent visit to Penticton, local citizens working for the operation of the cannery this season had felt confident that the Central Agency would step into the breach and keep the institution running, it having been shown that all efforts made locally to stir up real interest and support on the part of the business men and fruit farmers had failed. In fact, it was practically announced a week or so ago that the Central Agency would run the Penticton cannery.

Enthusiastic members of the Penticton band were busy during the first few days of this week adding a roof to the bandstand on Main street and otherwise improving the appearance and comfort of the structure.

Traffic on the Penticton-Peachland road was disturbed on Thursday of last week, when

about 200 tons of earth slipped down on to the road from the bank above. The point at which the slide occurred was a short distance north of Greata. Workmen were soon on the job clearing the earth away.

The editor of the "Penticton Herald" was haled into police court on the strange charge of stealing his own boat, which had been found floating about two miles from shore by a man named McWilliams, who brought it to land and chained it to a pole, pending discovery of the owner and recovery of "salvage." Finding the boat away from its original place on the beach, the editor, Mr. R. J. McDougall, filed the chain in two and again took possession of his craft, whereupon McWilliams summonsed him, his grievance apparently being that no "salvage" was paid. The magistrate dismissed the case, ordering McWilliams to pay the costs. In giving judgment Magistrate Guernsey said the case should not have been brought to court. McWilliams, he said, never notified the police of finding the boat, and never went near McDougall even after he knew that the craft had belonged to the latter. Although McDougall might have been hasty in filing the chain and taking the boat before telling the police that he had believed it to be stolen from him and had found it again, nevertheless that appeared to be his legal right and the complainant's charge could not stand. The case will form a useful precedent, as such incidents frequently happen at other Okanagan Lake points.

According to Archdeacon Beer, of Kaslo, a clergyman in Flanders who was encouraging the soldiers in a successful effort to gain a trench from the invading Germans, used theology in a perverted sense by shouting, "Give them hell, boys, give them hell!"

ODDFELLOWS WILL MEET AT KELLOWNA

Grand Lodge Will Assemble Here in June, 1916.

At the annual convention of the Grand Lodge of the Independent Order of Oddfellows, held at New Westminster last week, Kelowna was selected as the next place of meeting of the Grand Lodge, in June, 1916. The Kelowna representative, Mr. Leslie V. Rogers, made an eloquent plea on behalf of his city and carried its choice.

The officers of the Grand Lodge elected for the ensuing year were: Grand Master, P. W. Dempster, Victoria; Deputy Grand Master, W. H. Brown, Vancouver; Grand Warden, J. H. G. Macdonald, Victoria; Grand Secretary, Fred Davey, Victoria; Treasurer, Bro. Merritt, Westminister; Grand Representative, W. H. Cullin, Victoria.

The appointed officers, selected by the Grand Master, included L. V. Rogers, of Kelowna, as Grand Chaplain.

The Rebekah Assembly was held simultaneously, and amongst the officers chosen Miss Lena Wilson, of Kelowna, was honoured with the appointment of Grand Conductor for the Province.

Mr. J. N. Cameron has received a letter dated May 18th, from his brother, Pte. W. K. Cameron, of the 10th Battalion, "somewhere in France," in which the writer says that the Canadian papers got the story of the fighting at Langemarck, which began on April 22nd, somewhat mixed up, and that the battalions which took part did not get proper credit. He states that the 10th Battalion led the attack, supported by the 16th Battalion, which is largely composed of 72nd Seaforth Highlanders from Vancouver. He lost his pack in the "mix-up," as he terms the fierce fighting that ensued, and he grieves principally over the loss of the balance of his chewing tobacco. The gallant soldier will soon have consolation, as Mr. J. N. Cameron has sent him two pounds of his favourite "chew."

NOTICE TO FRUIT GROWERS

Owing to a serious outbreak of Fire Blight in the Glenmore Valley, and in order that all fruit growers may become acquainted with this dangerous disease and with the proper methods of controlling and eradicating it from their orchards, a practical demonstration of these methods will be held on Lot 17, Glenmore Road, formerly owned by Messrs. Adams and McTavish, on Saturday, June 19th, at 2.30 p.m., by Mr. James M. Brydon, District Inspector of Fruit Pests.

ODDFELLOWS OBSERVE DECORATION DAY

Kindly Ceremonies Carried Out at Local Cemetery on Sunday.

Undaunted by the threatening weather, members of the local Oddfellow and Rebekah Lodges to the number of nearly one hundred visited the Cemetery on Sunday last and decorated the graves of departed brethren and sisters and their relatives with flowers. This was the first occasion of this kindly observance in Kelowna, but it is intended to make it annual in future.

Leaving Kelowna shortly after one o'clock, the members of the lodges travelled in fifteen cars to the Cemetery, into which they marched in procession. A circle was formed with Mr. Leslie V. Rogers, acting for the occasion as Noble Grand, and Rev. W. T. Beattie, Chaplain, in the centre. The Noble Grand read a verse and the Chaplain offered a prayer, following which the Rebekahs sang a hymn. The graves, which were each marked by a white linen flag bearing the mystic three links, were then visited; a verse of a hymn was sung at each and flowers placed at head, foot and centre. The decoration having been completed, the brethren and sisters once more assembled to listen to an eloquent address by Mr. Rogers on the purposes of Decoration Day. Rev. Mr. Beattie also spoke and concluded the proceedings with a prayer.

Fortunately the threatening rain kept away, but the attendance would have been very much larger had the weather been more promising.

The graves decorated were those of the following: Bert Foreman, Mrs. T. E. Cooper, Harold Marshall, Mrs. Andrew Patterson, Mr. Patterson, sr., Mrs. J. A. Bigger, Miss McGregor, R. H. Gowen, Baby Edwards, Baby Parker, Robert Bird, Edith Robison, Miss Harding, Baby Kenneth Ludlow, Baby William Ludlow, Baby Middleton, Willie Copeland, Mrs. Copeland, sr., Robert Morrison, sr., Mrs. C. C. Chittenden, Mrs. D. Leckie, W. J. Shain, Neil M. Smith, Baby Alice Millie.

On Monday afternoon, in the Provincial police court, Angus McDougall was fined \$20 and costs, or two months imprisonment, for assaulting Victor Borre at Duck Lake on Sunday afternoon. He was also brought up on a second charge and fined \$10 and costs, or one month in prison, for being drunk on the Duck Lake Reservation, the two terms to run concurrently. The money not being forthcoming, Provincial Constable McDonald took McDougall to Kamloops on Wednesday morning.

Local and Personal News

Mr. G. A. Chick paid a visit to Vernon on Monday.

Mr. Ira Brabin left this morning for a visit to Red Deer, Alberta.

Sergeants Hillard and Dick, of the 11th C. M. R., spent the week end in town on leave.

Mr. H. B. Gribble proceeded to Vernon on Tuesday to join the colours, the regiment of his choice being the 11th C. M. R.

Mr. S. Gray went to New Westminster on Monday, to attend as a delegate the annual sessions of the Provincial Grand Lodge, A. F. and A. M.

Mr. F. Reynolds returned from Vernon on Saturday, having resigned his commission in the 30th B. C. Horse in order to proceed to England, where he hopes to secure an appointment to the Royal Engineers. He left for the Old Country on Wednesday morning.

Mr. R. A. Johnston, as Secretary of Orchard City Lodge, I. O. O. F., has received a military post-card from Private Harvey Brown, formerly of Kelowna, who joined the 30th Battalion, Canadian Expeditionary Force. The card was mailed at the front on May 25th, and bears the stereotyped message, "I am quite well."

The Kelowna Troop of Boy Scouts will go into joint camp with the Naramata, Summerland and Penticton Troops, at Penticton, from July 2nd to 10th. Thorough training will be carried on, and every branch of Scout work will be taken up. A field day will be held on Thursday, July 8th, when one of the highest provincial officials will carry out an inspection.

Lieut. R. Whillis, of the 48th Battalion, arrived from Victoria on Monday for a few days' furlough and to take in charge a corporal of the regiment who was arrested here on Saturday morning by Chief Thomas, under telegraphed instructions from the regimental headquarters, for alleged desertion and theft. The man will be taken back to Victoria tomorrow morning by Sergt. McMillan and Lieut. Whillis, acting as escort.

The Late Mr. F. Billings

The sad and unexpected news was received in Kelowna on Friday afternoon of the death of Mr. Fred Billings, of Vernon, which took place that morning at Montreal. It seems that Mr. Billings underwent an operation on certain glands in his neck, which was of a comparatively slight nature and entailed no danger to life. The operation was entirely successful, but an attack of acute pneumonia supervened and carried him off very quickly.

Mr. Billings for over twenty years practiced as a solicitor in Vernon and became widely known as an authority on municipal law, being frequently consulted by the various cities and rural municipalities throughout the Okanagan. He also built up a large general practice, and was identified in a consulting capacity with many of the largest land and financial undertakings in the Valley. In the prime of life—he had not reached fifty—he appeared to have many years of usefulness before him, and his untimely death is generally mourned.

The deceased was a native of Whitby, Ont. A widow and three children survive, with whom deep sympathy is felt in their terribly sudden bereavement.

The funeral took place in Vernon on Wednesday, and was attended by a large concourse of friends, including a number from Kelowna.

Mrs. A. E. Boyer went up to Sicamous this morning.

Mrs. Lawley was a visitor to Okanagan Centre on Saturday.

Tomorrow, June 18th, is the hundredth anniversary of the battle of Waterloo.

Mrs. Breen returned to Winnipeg on Wednesday, after a visit to relatives here.

Mr. J. F. Burne went to Vernon on Wednesday to attend the funeral of the late Mr. F. Billings.

Mr. G. F. Coventry went to Sicamous on Wednesday to meet his wife on her return from a visit to friends at Grand Coulee, Sask.

Mr. C. C. Prowse returned from the Coast on Saturday. He was accompanied by his daughter, who had been spending some time in Tacoma.

Mr. John Jardine has joined the 54th Battalion through the local company of the Rocky Mountain Rangers, and he went to Vernon on Tuesday to report for duty. Pte. Jardine is a veteran of the Boer War, during which he served in the Imperial Yeomanry.

A Lawn Social will be held at the grounds of the Methodist Church at Ellison, on Friday evening of this week, under the auspices of the Unique Bible Class. Admission is free, but ice cream and other refreshments will be sold. "Shy at the Kaiser" and a musical programme will be features.—Com.

Our readers are reminded of the Jumble Sale which will be held in the grounds of the Anglican Parish Hall on Saturday afternoon, June 19th, at 2 o'clock. Articles such as house furnishings, antiques, pottery, tools, implements, jams, poultry, eggs, hams, live stock—in fact anything but old clothes—will be accepted and auctioned. Tea will be served at the usual price.

The inaugural meeting of the Kelowna Women's Institute will be held on Monday, July 5th, in the Board of Trade Building, at 3 o'clock. Mrs. R. L. Lipsett, district organizer, will be present. The Institute is open to all ladies, both town and country, the nominal fee of 50 cents per year being charged. We hope that as large a number as possible will be present at this inaugural meeting to help to select the officers for the balance of the year, and to transact other important business.—Com.

We regret to note in the list of Canadian casualties in Saturday's "Province" the name of Private Henry Gwynne Vevers Matthews, of Kelowna, as wounded. Pte. Matthews resided on the K. L. O. Bench before leaving with "E" Company, Rocky Mountain Rangers, last August for Kamloops. He joined the 7th Battalion along with the other Kelowna men, all of whom have now been killed, disabled or taken prisoners, with the exception of Sergt. D. D. Lloyd and Corp. C. W. Wall. In the same list Private Francis Clifford Bowman, of the 15th Battalion, formerly of Kelowna, who was previously posted as missing, is reported as "missing and dead." Lieut. W. F. Gilson, Sergt. Lloyd's platoon commander, to whom eulogistic reference is made in the letter from Sergt. Lloyd published in the "Courier" last week, is listed as "suffering from shock."

MARRIAGE

Thomson-Martin

("Vancouver Province.")
Angus Road Church, Kerrisdale, was the scene of a very pretty wedding on the evening of June 9, when Grace Ethel, youngest daughter of Mr. and Mrs. Cornelius Martin, Strathcona Place, (formerly of Kelowna), became the wife of Dr. James Wolseley Thomson of this city. The church was tastefully decorated by the girl friends of the bride, and the altar, before which the ceremony took place, was a mass of greenery, relieved with clusters of pink and white roses. The ceremony was performed by Rev. Dr. W. J. Sippell, of Mount Pleasant Methodist Church, and Mrs. Lawrence H. Brown presided at the organ.

The bride, who was given away by her father, was attired in a beautiful gown of ivory charmeuse, heavily embroidered in pearls, the long court train being held in place by a true lover's knot of the same. She wore a tulle veil, fastened with tiny knots of orange blossoms, and carried a shower bouquet of white roses. She was attended by Miss Helen S. Henderson of Victoria, who wore a pretty frock of nilé green with leghorn hat trimmed with touches of pink and long black velvet streamers. Her bouquet was of pink roses. Mr. John P. McLaren fulfilled the duties of best man, while the ushers were Dr. J. R. Atkinson and Dr. H. H. Champion. During the signing of the register Miss Mary Large gave a beautiful rendering of Guy D'Harleot's "Because," at the conclusion of which the bridal party left the church to the strains of Mendelssohn's Wedding March.

Afterwards a reception was held at the family residence, the mother of the bride welcoming her guests in a becoming toilette of black and white. Mrs. James F. Thomson, mother of the groom, wore a gown of lavender silk richly trimmed with lace. Among those present from a distance were Mr. and Mrs. John E. Martin, Condie, Sask.; Mrs. J. W. Jones, Kelowna, B. C., and Mr.

and Mrs. W. E. Cooney, Lumsden, Sask. In the dining-room quantities of pink and white roses were used and refreshments were served from a table centred with bride's cake, and decorated with streamers of pink and white tulle and ropes of smilax. The tea and coffee urns were presided over by Mrs. J. H. Foster, of New Westminster, and Mrs. Lester White, while Mrs. J. B. Hart cut the ices. The Misses Mutch, Messinger, Large, Reekie, Bell, Crandall, Curry and Bentley assisted with the serving.

Dr. and Mrs. Thomson left amid showers of rice and good wishes on the midnight boat for Seattle, the bride travelling in a smartly tailored costume of navy and white with hat to match, the coat opening over a dainty blouse of Maltese lace and white nixon, embroidered in pink. After visiting the Coast cities, a month will be spent at favourite mountain resorts.

"THE CRISIS IN B. C."

(Continued from page 1.)

lowed by a hasty adjournment to the Opera House, where the speaker again took up his position before a crowded hall and all went well to the end.

Mr. D. W. Sutherland took the chair for the speaker, who was also supported on the platform by the Rev. A. Dunn and the Rev. J. C. Switzer. The first point made plain in Mr. Cooke's speech was that the Ministerial Union was not in any way a party affair, nor was it in the true sense of the word a political meeting, and from this the speaker went on to define just exactly what the Ministerial Union was. Its objects were to correct wrongs in government that were robbing the people of what belonged to them, which task, Mr. Cooke claimed, was the duty of every minister of true principles. He was not attacking the Conservative party at all, though it was true that they were attacking a few of the men of that party. The politics of the Ministerial Union to which he belonged were purely the politics of the Kingdom of God and their platform for their campaign was the platform of righteousness. The house of the people was being rifled of its treasures, of its merchandise and its products, and it was therefore the duty of the Ministers of the Association and of the Ministers of God to expose those who were rifling it.

It must be confessed that Mr. Cooke kept to his principles in this direction throughout his speech. Not once did he speak against the Conservative party as a party nor against its policies. Not once did he suggest to his listeners that they should not be Conservatives or should not vote Conservative, all that he maintained, clearly, repeatedly and emphatically, was that proper enquiries should be made, that the truth should be given out, that the wrongs should be exposed and righted as far as possible.

After this explanatory preamble Mr. Cooke started off in earnest on his work of the evening, which might briefly be termed an impassioned rendering of the book "The Crisis in B. C."

Commencing with the "Foreword," he explained the position which Mr. Cotsworth had held with the government as chairman of the Civil Service Commission and his various other capacities, which had placed in Mr. Cotsworth's hands the knowledge which he had felt it his duty to make public.

Speaking on the "Alienation of British Columbia Lands," Mr. Cooke referred to the statement made by Mr. Bowser that over 91 million acres of land had been surveyed and was ready for the settler and for the pre-emptor. Mr. Ross had placed the figures at just over 93 million acres, yet the report of the Surveyor-General for British Columbia for 1914 gave the figures as under 18 million acres. Where was the missing 73 or 75 million acres? Either the two ministers had been lying or else the report was not worth the paper it was printed on.

Right through the "Crisis" went Mr. Cooke with no further interruption, save occasionally an outburst of applause or an enthusiastic remark of approbation wrung from some indignant listener.

The speaker mentioned that he had been amused at the wording of the handbills advertising his appearance in Kelowna. They had stated that he would speak in his defence. This was quite wrong. He was not on defence. It was the government, not the Ministerial Union, that was on trial and it was on trial before Public Opinion.

The hearing of the case against Mr. Cotsworth had been put off until September, and Mr. Cooke intimated that the summons had been purposely served on Mr. Cotsworth so that it would be

too late to take effect during the recent sitting of the Court. It was plain, he believed, that the government did not want the case to come up at all, because it would bring far too much light to bear on government affairs. It had been only natural that at the examination of Discovery, held by the lawyers Messrs. Lucas and Lucas (sons of Alexander Lucas) in connection with the prosecution against the Ministerial Union, he and the other parties examined had not volunteered any information, which had formed a good excuse for Messrs. Lucas and Lucas to state that they, the members of the Ministerial Union, did not have any moral responsibility for what had appeared in the "Crisis," and to shift the bulk of the charges against Mr. Cotsworth, which charges after all included "neglect of duty" and a number of others on side issues.

The exploitation of B. C. coal lands was next gone into, and this was followed by numerous examples of how millions of acres of timber had also been alienated from the people, no less than eighty per cent. of the timber of the province having gone into the hands of the speculators. The extension of pulp leases to 30 years and the manner in which holders of these licenses had been aided in every way to the detriment of the country was also exposed, as was also the manner in which a German combination from San Francisco had been allowed to float \$10,154,500 of stock through the registration of a \$500 company in the Attorney-General's department on November 27, 1914, by which means the Ocean Falls Company, inflated to a capitalization of \$6,000,000, chiefly at the expense of victims in Great Britain who had put their hard earned savings into the \$4,500,000 over-capitalization, together with the pulp mill, 79,999 acres of pulp timber, waterpower, etc., were all absorbed by Fleishacker Bros. and W. P. Johnson, all of San Francisco, to be redistributed through their company there.

Mr. Bowser was now talking of patriotism, and was intoning the Germans in the province, but this seemed in direct contradiction with the way he had aided the Germans to take possession of the immense wealth of the province. "I say he should intern the property which belongs to the province and which should never be allowed to go out of the province," was Mr. Cooke's criticism.

The "Tabulated List" issued in 1912 showed that there were then 4,760 registered companies in British Columbia, floated mostly on watered stock, with a capitalization of \$1,177,509,445, which averaged more than \$3,000 per head for every man, woman and child in the province. No wonder there was a financial stringency. These figures did not include another \$230,000,000 of concerns with headquarters outside of the province. There were even 356 trust companies in the province at that time, and it was this huge capitalization that had aided so many bogus companies in carrying on their nefarious work. If the "Sale of Shares Act" had been adopted here as in Manitoba, a large amount of this trouble, at least, would have been averted.

Many other matters needing investigation and correction were brought up by Mr. Cooke during the evening, all of which were supported by a number of original letters and certified abstracts from government records. "They say ministers should not meddle with politics," cried the speaker, "but who should meddle with corrupt politics if ministers should not? If ministers, knowing the facts as we, the ministers of the Ministerial Union, know them, and knowing them to be true as we know them to be, were, through moral cowardice, to keep silent, then we should be

deserving of the absolute contempt of every man throughout the province.

"Our people simply need to know the facts to be convinced of the iniquities by which they are being stripped of their heritage," continued Mr. Cooke. "Therefore, we have come out in the open to declare what we have discovered and demand that the whole truth be made known. I appeal for the strictest and most thorough investigation that it is possible to make. I appeal in the name of the men who are tramping the streets on the verge of starvation and despair because they can find no work to do in this, the richest of countries. I appeal in the name of the women and children whose homes are empty of food and comfort in this land of plenty. I appeal in the name of all who have been robbed and stripped of their hard earned savings by swindling agents and heartless speculators, and I appeal in the name of your children and mine who are being robbed of the future that belongs to them and the heritage which is theirs by the gift of God. I appeal in the name of justice, righteousness, the Kingdom of God and in the name of God, and demand that inquiry be made, that the birthright of our people be restored, that the facts be set forth and that justice be meted out without fear or favour to every offender, that the reproach of corruption be for ever lifted from the fair name of this province, and to you, people of British Columbia, I look for help to sustain that appeal."

Such an eloquent termination to a series of indisputable exposures could not help but meet with the hearty endorsement of an audience already roused to indignation and a sense of injustice, and when an invitation was offered to all ere they left the building to sign a petition to Premier Sir Robert Borden to appoint a royal commission to enquire into the charges made by the Ministerial Union of the Lower Mainland in its pamphlet "The Crisis in B. C." a regular rush ensued for the platform, until it seemed that everyone present must have signed one of the copies of the petition which were laid along the edge of the stage.

Just prior to the termination of the meeting a collection was taken to help defray the travelling expenses of Mr. Cooke, who, as already stated, is backed by no support beyond that of the Ministerial Union, a distinctly non-party association.

MORE TROUBLE OVER WATER

Dispute on Westbank Reserve Leads to Another Assault Case.

On Thursday afternoon last Mr. D. E. Gellatly was charged in the Provincial Police Court with assaulting Mary Tómat, the leading lady of the Indian Reservation adjoining Mr. Gellatly's ranch.

It appeared that trouble had again arisen in the neighbourhood of the flume which runs from the reservation and from which Mr. Gellatly uses water. Mary, who was the informant in the case, claimed that Mr. Gellatly, shouting threats of malice against the Indians, had rushed at her, snatched away a hoe, and in the scrimmage which followed she was knocked down and both she and her clothing pretty badly mauled. But Mr. Gellatly had quite a different tale to tell. He said that Mary had a hoe in her hands and during the argument she had lifted this and struck him four times, whereupon he had wrenched the hoe from her, after which she threw pieces of wood at him, some of which struck him.

Mary, however, came to court well supported with four witnesses, who so assiduously supported her story that a decision was given in her favour and Mr. Gellatly was fined \$20 and costs

"Comfort becomes second nature to wearers of C/C à la Grâce Corsets."

Your new season's suit or gown will look ever so much better if you wear it over a new pair of

C/C
à la Grâce
Corsets

(Made in Canada)

No other corset lends such an air of refinement and grace to the figure. Call here for a free copy of the dainty catalogue of new season's models.

C/C à la Grâce models are equally fine—but the lower priced lines are for all-round service.

We advise you, Madam, to keep three pairs of corsets in constant use. One pair for working around the house, a pair for afternoon and a pair for evening wear. The morning or afternoon and evening change of one's corsets is advisable, because there is nothing more refreshing and restful to the body; and, eventually, the figure becomes more supple and more responsive.

Thomas Lawson, Limited

with the option of two months' imprisonment.

The hearing was quite a lengthy one, the witnesses being minutely and severely examined. Mr. J. F. Burne took the case for the prosecution while Mr. R. B. Kerr acted for the defence. The accused was given ten days wherein to enter an appeal, if he wished to do so.

"Rough on Rats" clears out Rats, Mice, etc. Don't Die in the House. 15c and 25c at Drug and Country Stores. 40-26

LAND REGISTRY ACT (Section 24.)

IN THE MATTER of an application for duplicate certificate of title No. 10857a, issued to E. R. Bailey, H. W. Raymer and J. L. Pridham, covering Part (17 acres) of Blocks 44 and 45, Map 462, City of Kelowna.

NOTICE is hereby given that it is my intention at the expiration of one month from the date of first publication hereof to issue a duplicate certificate of title, covering the above lands, to E. R. Bailey, H. W. Raymer and J. L. Pridham, unless in the meantime I shall receive valid objection thereto in writing.

DATED at the Land Registry Office, Kamloops, B. C., this 1st day of June, A.D. 1915.
C. H. DUNBAR,
District Registrar.
